

Michigan private adoption agencies
which will provide a placement for an abandoned
newborn in an approved pre-adopt home
Updated 4/19/01

This list was compiled to prepare for implementation of Public Act 232-233 of 2000, otherwise known as the Safe Delivery of Newborns Act, which takes effect January 1, 2001.

The Act provides that if a parent surrenders a newborn to an emergency service provider at a police station, fire station or hospital, the parent may remain anonymous and use the fact that they did voluntarily surrender the child as a defense against criminal prosecution. The newborn must be under 72 hours old and in good health.

This list is organized by Michigan counties where the private, nonprofit licensed adoption agencies are located and also lists the name and phone number of agencies that also serve those particular counties. Several agencies serve the entire state and are listed under "Serves statewide" in addition to under the county of their main office location.
